

***Sluglord***  
By Morpheus Shield

Some days pass  
And all I've done is slugging  
Lounging and laying about  
Brewing slime,  
My only productive pastime

Every age moves fast  
Each a compilation of my finest slugging  
Intermingled with moments  
Free of grime

I am only a slug  
Nothing to anyone  
Weighed down by the weight  
Of space and time.
